

licorice

**TOCCHIAVA
TOGGUO!**

leatrice
mission

Licorice is a recycled, creative product family and an environmentally-friendly, attitude changing philosophy. We use bicycle inner tube waste as basic material, which reacts to problems of waste management and environmental sustainability.

licorice

original

**Licorice original is the
autumn/winter collection
2014. The first series are
organic weavings and
foldings composed of
authentic black rubber.
Extraordinary and cool
fashion accessory.**

licorice

skin

Licorice skin is the
spring/summer collection
2016. This limited edition
is made out of powder
colored latex inner tubes.
Latex is an extremely
sensitive material
and as soft as the
human skin itself.

licorice

extreme

**Licorice extreme is the
autumn/winter collection
2015. This set was
influenced theatrically
and was shown in fashion
shows. You do not
really need to wear
any special clothes
besides these art pieces.**

licorice

experiment

**Licorice experiment
means industrial interior
design, furnitures, objects
and accessories. These
ventures are unique, limited
and extraordinary pieces,
which are presented in
exhibitions, fashion shows
and performances.**

Jankovics Gabriella

**Licorice is an innovative
social entrepreneurship,
from the profit of its
“slow fashion or
soft design” products,
it aims to employ
young and emerging
designers and
product developers.**
